**Roberto Voerzio is one of the living winemaking legends in Piedmont and one of the staunch believer in lowering yield to maximize quality.** As Antonio Galloni puts it, "one of the central tenets of the Voerzio approach...is a steadfast belief that the relationship between low yields and high quality is always linear." That, and Voerzio's artisanal way of winemaking, contribute to the sheer, unimitable quality of his Barolos. Take a cruise around Roberto Voerzio's Barolo cru production and get some for stay home drinking!
