Suntory Yamazaki Single Malt 12 Years Old Whisky 山崎

Kyoto, Japan ~~\$950~~ **\$630/btl**

The vale of Yamazaki at Tennozan Mountain on the outskirts of Kyoto was the birthplace of Japanese Whiskey.

The malt whiskey produced at the Yamazaki Distillery, with a tradition dating back to 1923, has slept through a long cycle of Japan's colourful seasons - the brightness of spring, the luxuriant green of summer, the vermillion foliage of autumn, and the white blanket of winter. Radiant and noble, it's flavour is full-bodied and mellow, and the distinctive woody taste of mature malt indices a pleasant, lingering aftertaste.

Suntory Yamazaki is aged in casks of three different kinds of oaks—American, Spanish and Japanese—lending unique complexity to this spirit. Medium bodied, with aromas of dried fruit, coconut, anise, spice and honey, Yamazaki 12 Year has a delicate, mellow taste with a lingering and dry finish. The palate is rich with flavors of peach, fig, caramel, toast, honey, and cracked pepper.

The nose is light with summer fruits and a spiciness. The flavour is sweet and spicy with a body, mainly on the top of your tongue and with a long finish.

Suntory Hibiki 17 Years Old Blended Whisky 響

Japan ~~\$1,650~~ **\$1,020/btl**

This unique whisky-making approach and technique of the Suntory artisans is reflected in the distinct flavour of their whiskies.

The profound flavourful pleasure that blossoms as the whisky first enters one's mouth goes beyond taste and aroma.

It is a signature characteristic of Suntory Whiskies.

The distinct flavour of Suntory Whisky is inspired by the Japanese gastronomic palate. The people of Japan have always been accustomed to a dining experience and culture where food and alcohol are paired, enhancing each flavor. Therefore, it is only natural that a Whisky meant to accompany the Japanese gastronomic experience cannot be harsh or rough. The Hibiki is a blended malt and grain whisky, oddly enough, as blends frequently do not come with age statements. It is obvious then that Suntory have intended to produce a high quality whisky.

Regards,
