

Seconds and Affiliated Wines from Prominent Chateau

2nd Wine in **Bordeaux** refers to a second label wines made from cuvee not selected for use in the Grand Vin or first label, but are usually grown in the **same vineyard with the first label**. Their quality is still very high at affordable and pleasant pricing point. Depending on different chateau, **2nd Wine** can be made from property's younger vines. For example, Echo de Lynch Bages, the 2nd wine of Lynch Bages, is chiefly made from the property's youngest vines.

Below are selections of second or affiliated wine from top and famous Chateaus. If you would like to find a second wine that is not in our list, we can also help source it for you! We have a professional procurement team at your service. For order and enquiries, please contact us at

Calera Chardonnay 2012

Calera is a vision, and Calera's wines truly express the sense of place. Rather than follow the recommended path, Josh Jensen became a pioneer in search of the perfect spot on the globe to grow grapes. Taking his cue from the great domaines of Burgundy which have grown grapes in limestone soil for centuries, he set out in search of the perfect spot in California to create wines unique to the world but in the style of the greatest wines of France. Site selection was vital as he ventured off the grid to plant on the site of an old limekiln in the Gavilan Mountains of California. Today Calera wines still express that pioneer spirit and are revered the world over.

RP 90: "Calera's 2012 Chardonnay Central Coast offers classic ripe apple and orchard fruits, creme and brioche in a medium-bodied, vibrant and clean style. Aged in 10% new French oak for 10 months, buy this beauty by the case and drink it over the coming couple of years. "
